Samuel Davis-Castro

CAREER OBJECTIVE

Cooperatively use, share, and grow my skills as a front-end developer to make websites feel intuitive, look modern, and load quickly across devices.

ACHIEVEMENTS

World Record: Most instruments played at once (2013 - present)

KEY WEB PROJECTS

A/B Testing with Maxymiser, Adobe Target and Optimizely

Develop and deploy front-end A/B tests according to mock-ups and test plan description (in an AWS IDE.) Often requires responsiveness, cross-browser and cross-device compatibility. Contribute to UI/UX ideas, most often in regards to edge cases.

FlightSight Aviation

A responsive website I designed and launched for a local drone company using AngularJS, UI-Bootstrap, original assets, and Google Maps API.
